

The story of Christ's birth is a story of promise, hope, and a revolutionary love. BUT... what was once a time to celebrate the birth of a Saviour has turned into a season of stress, traffic jams, and shopping lists. What if Christmas became a world-changing event again?

WORSHIP FULLY. Entering the story of advent means entering this season with an overwhelming passion to worship Jesus to the fullest.

SPEND LESS. Love becomes flesh, not an object.

Canadians spend an average \$18 billion a year on Christmas. Over 120 First Nations communities in Canada lack access to clean water. It would cost only \$12 billion to address clean water issues in these communities.

If Canadians were to reduce their Christmas spending by only 10%, we would have all of the required funds within 7 years.

GIVE MORE. This year, Christians across Canada are reclaiming Christmas by supporting interim solutions for safe and accessible water in First Nations communities.

LOVE ALL. It all boils down to love. By spending just a little less on gifts we free up our resources to love as Jesus loves by giving to those who really need help.

*“This work began with a Gospel-centered compassion,
which is the hallmark of a follower of Jesus.”*

- National Indigenous Bishop Mark MacDonald

BECOME PART OF OUR CONSPIRACY!

The concept is simple:

- This year, buy one less gift for Christmas.
- Give that money towards a living gift: clean water!
- Join a national movement to reclaim Christmas and ensure everyone in Canada has access to clean water.

You can give the gift of clean water to our neighbours in Canada. Pikangikum is a northern Ontario fly-in community, brought to international attention through the highest global suicide rate because of a wave of youth suicides. 95% of Pikangikum homes are without water and wastewater facilities.

The Primate’s World Relief and Development Fund is accepting donations for a Water Project in Pikangikum. To date, 14 homes in Pikangikum have been equipped with clean water, wastewater removal, and the skills training and jobs that go with the system. 10 of those homes were directly funded by PWRDF. In partnership with Habitat for Humanity Manitoba, work is now beginning on the next 10 homes. Immediate health and social benefits are experienced with clean water. In the words of one leader, it is a “return to dignity” to the most vulnerable people of Pikangikum”.

TO DONATE ONLINE:
