

## PWRDF Responds to Gaza Crisis

The Al Ahli Arab Hospital (AAH) in Gaza City has sent an urgent call for help, as the death toll in Gaza continues to rise. On May 14 alone, more than 2,700 citizens were injured and 58 killed. The situation is critical at all area hospitals. The AAH is implementing an emergency response that includes a wing with additional beds and staff to treat the injured. The immediate needs include medical supplies, medicines, fuel for generators and support for those working non-stop to treat the wounded and traumatized.

AAH is a humanitarian institution in the Episcopal Diocese of Jerusalem. Its mandate embraces a rights-based approach to treatment and provides health care without discrimination on the basis of faith, gender, social class or political affiliation.
