Welcome to PWRDF’s 2019 World of Gifts. The items in this guide have been selected based on the needs of people participating in the many programs supported by PWRDF. Whether it be clean water, climate adaptation and food security, health or Indigenous programs, your gift is an opportunity to make a world of difference.

Your opportunity of a lifetime

Well, well, well!

PWRDF’s new partner in Kenya, Utooni Development Organization (UDO), is bringing clean water to rural communities by building shallow wells.

Share the load

In Kenya, elderly people benefit from storing water in tanks close to their homes, and younger people use donkeys to transport containers of water.

At the ready

In 2017, PWRDF donations made it possible for our partners at the Diocese of Masasi, Tanzania, to build 25 bore wells. Today, water pump attendants monitor the wells for safety and proper function.

Food relief with

When disaster strikes, PWRDF can combine funds from its equity in the Foodgrains Bank with other members’ funds, and work together to provide emergency food relief in places such as Yemen and South Sudan. Funds are matched by the Government of Canada.

Shore it up!

In low-lying areas of Bangladesh, communities are vulnerable to flooding due to climate change. Partner UBINIG is planting mangroves along the shoreline to improve flood resistance.

Green thumbs

In the villages of Matanzas and Villa Clara, the Cuban Council of Churches is improving agricultural methods to build self-sustaining communities.

Water works

In Zimbabwe, new partner Tauro Trust is making communities more resilient to climate change by training women in agriculture and nutrition.

More than 1,100 goats were purchased last year for the All Mothers and Children Count program!

Milk, meat and ... manure? Cows and goats improve a family's nutrition with a regular source of milk and chickens provide eggs. They improve a family's income through selling the milk or eggs, the offspring or eventually the animal for meat. But they are also major manure producers - especially pigs - which improves crop yields.

Your opportunity to end hunger gives people the opportunity to grow food, earn an income and become self-sustaining.

For every ONE dollar donated the Government of Canada will contribute SIX dollars.

Gifts tagged with a maple leaf are part of our All Mothers and Children Count program in Burundi, Rwanda, Tanzania and Mozambique.

16 Buy the whole farm

Your gift of $30 provides a goat and a step toward self-sufficiency.

Combined with $180 match = actual cost of $210

In Colombia, new partner ILSA empowers women through microfinance programs and farming opportunities. This year women will learn how to keep chickens. Not only will they improve their family's food security, but they will also learn how to market and sell the eggs and chicks and earn an income.

Get your goat

Your gift of $30 provides a goat and a step toward self-sufficiency.

Combined with $180 match = actual cost of $210

Don’t be chicken!

Your gift of $40 supplies a Colombian community with 40 chickens.

Reaping rewards

Small holder farmers grow food to feed themselves and their communities. Access to a variety of new seeds improves nutrition and makes crops more resilient to climate change.

12 SEEDS Your gift of $30 will promote crop diversity by providing a farmer with a 20 kg bag of seeds to a farmer in our All Mothers and Children Count program.

Combined with $180 match = actual cost of $210

Can you dig it?

Hoes, shovels, wheelbarrows, hand rakes and watering cans make it possible for small holder farmers to cultivate large garden plots.

10 FARM TOOLS Your gift of $50 will provide tools to help people grow enough food to feed their family and sell to others.

Combined with $300 match = actual cost of $350

Go organic

Biofertilizer helps farmers increase yields without polluting the environment.

13 ORGANIC FARM SUPPLIES

Your gift of $20 provides four farmers with organic fertilizer and sprayers.

Combined with $120 match = actual cost of $140

Pineapple express

In Uganda, new partner St. Jude Family Projects is improving nutrition and crop diversity in the community.

15 PINEAPPLE SEEDLINGS

Your gift of $50 will provide 10 pineapple seedlings.

Holy cow

Your gift of $200 provides a family with one cow.

Combined with $1,200 match = actual cost of $1,400

Combined with $180 match = actual cost of $210

Provision for a goat provides a family with a 20 kg bag of seeds to a farmer in a community with 10 pineapple seedlings.
