Working towards a truly just, healthy and peaceful world

Holy goats

In Malawi, a Community Health Worker (CHW) may be responsible for the health of up to 20 families, but only receives a small stipend. In partnership with PWRDF, Partners In Health Malawi will provide three goats and appropriate training to a CHW, who will in turn be able to provide food security and additional income for his or her family.

1. SINGLE! Your gift of $80 covers one goat for a CHW.
2. DOUBLE! Your gift of $125 covers two goats for a CHW.
3. TRIPLE PLAY! Your gift of $170 covers all three goats for a CHW.

That's a re-leaf

In rural Uganda, PWRDF partner St. Jude Family Projects is planting 80,000 trees on farms and public school properties. Trees restore the soil to better health by fixing nitrogen and preventing erosion. Fruit trees also provide avocados, oranges and mangoes, improving nutrition and providing income opportunities for families.

4. Your gift of $50 provides 50 tree seedlings to rural farmers in Uganda.

Give the gift of Climate Action

More and more, we are seeing how important it is to care for the Earth, for all of creation that God has entrusted to us. In this year’s World of Gifts guide, we’ve highlighted many partners who are on the front lines of climate action, United Nations 2030 Sustainable Development Goal #13.

Look for this symbol throughout this guide to see projects that support climate action!

Your $1 turns into $7!

The power of PPE

From 2016-2020, PWRDF’s All Mothers and Children Count program empowered women and girls through improved health and food security in Tanzania, Rwanda, Mozambique and Burundi. In June 2020, PWRDF was granted a one-year extension to support AMCC partners through the COVID-19 crisis. Your donation will help supply health clinics with medical grade face masks and gloves, hand washing facilities and sanitizer for community members coming into the clinics, and education tools to prevent the spread of COVID-19.

All donations to this program are matched 6:1 by the Government of Canada.

5. Your gift of $30 keeps a clinic safe for a day. With match your gift = $210
6. Your gift of $210 keeps a clinic safe for a week. With match your gift = $1,470
7. Your gift of $850 keeps a clinic safe for a month. With match your gift = $5,050

Gifts to grow on

Muletide greetings

In Kenya, PWRF partner Utcon Development Organization (UDO) is building shallow wells to provide safe, clean water to rural communities (see page 3). Some families still have to travel a distance to get to the wells. A donkey can carry four times the weight that a person can, so they are often given to older people to make the journey easier.

Your gift of $185 provides a strong-backed donkey to shoulder cans of fresh, clean water from the well to home.

Poultry in motion

In Colombia, PWRF partner ILSA empowers women to be sustainable through microfinance and organic farming. With new COVID-19 safety measures in place, rural women will learn about organic farming and how to keep chickens. As quick producers of protein-rich eggs and meat, chickens improve nutrition, food security and income.

Your gift of $30 supplies a group of women farmers with 5 young chickens.

Just add water

Hydroponics, the practice of growing plants in water instead of soil, may seem out of place in a community where there is severe drought or water is not accessible. But in fact it uses much less water than traditional farming, and it’s taking root in the highlands of Colombia. PWRF partner ECOF is teaching this alternative method to improve food security and provide additional income opportunities.

Your gift of $50 supports resources for a hydroponic farmer.

H2Oh!

PWRF partner the Episcopal Church of Cuba promotes the consumption of healthy food in 12 rural communities. Water is a fundamental part of this effort.

Your gift of $100 will buy an electric water pump to irrigate crops and increase food security.

A grain of hope

Last year PWRF began working with TSURO Trust in Zimbabwe on an agricultural education program to improve food security and learn how to become more resilient to climate change. Little did we know, they would be in the path of Cyclone Idai in March 2019.

Your gift of $35 will provide a farmer with 15 kg of grain seeds.

Your gift of $20 will provide 5 kg of grain seeds, vegetable seeds and fruit tree seedlings.

Buy the Whole Farm!

3 goats in Malawi (from page 1), 1 donkey in Kenya, 4 chickens and hydroponic training in Colombia, 1 electric pump in Cuba and grain seeds in Zimbabwe.

Your gift of $570 will support farmers all over the world!

Unmute yourself
The Páramos region of Colombia is the source of half of the world’s moorlands and 70% of Colombia’s fresh water. Yet climate change and mining threaten its existence. PWDRD and WACC (World Association for Christian Communication) have joined local Grupo Comunicarte to promote people-led environmental protection.

The road to recovery
In refugee camps along the Thai-Burmese border, DARE (Drug and Alcohol Recovery Education) restores health and hope through active living programs. Many of DARE’s Addiction Worker Trainees are in recovery, themselves, and have previously been treated for their addictions. Becoming an Addiction Worker helps cement their recovery, as they help others become healthier.
