

The Mishamikoweesh Water Partnership

World leaders agreed that Access to Clean Water and Sanitation is a central priority in their 2015 Sustainable Development Goals. But many Canadians don't have access to clean running water, and that reality is racialized, predominantly affecting Indigenous people.

For twelve years, a network of concerned Anglicans (and friends!) have been partnering with First Nation Communities in securing clean, running water in Indigenous homes across Canada. Lack of clean, running water impacts physical and mental health, hygiene and access to education.

Now in 2023, our work together has:

- secured clean running water in approximately 60-75 homes in Pikangikum, Ontario
- for the remaining money that has been raised in past years for Pikangikum and not yet spent PWRDF is looking at how these funds can come alongside other funding, such as government funds, to support even greater impact for the Pikangikum community.
- raised \$115,000 toward a Water Truck in Kingfisher Lake, ON, a need identified by First Nations' leaders of Mishamikoweesh, including a recent \$25,000 grant from Atlas Copco, which pushed us closer to meeting our goal. THANK YOU!
- been part of developing a model between PWRDF and First Nations' communities across Canada that allows our fundraising to be directed to responsive Indigenous-led grants.

Be part of water justice in Canada this Christmas:

- This year, buy one less gift for Christmas.
- Give that money towards a living gift: water!
- Join a national movement to ensure everyone in this richly blessed country of Canada has access to water.

Tell the people you love this year how much they mean to you by saving on the presents and giving instead to "The Water Partnership." Then tell the story of what this living gift makes possible!

Our fundraising this year:

- We are \$35,000 away from our goal for the water truck for Kingfisher Lake!
- Any money raised beyond \$35,000 will go toward the Responsive Grant Programs supporting Indigenous-led projects in the areas of safe water, community health, youth engagement and climate action.
- In anticipation of this fundraising goal being met, PWRDF is making a commitment in writing to Chief and Council of Kingfisher Lake to support their Capital and Operations staff to secure quotes for a truck that responds to the road conditions, capacities and needs in Kingfisher Lake to be delivered in the winter of 2024.

About the Kingfisher Lake Water Truck:

Mishamikoweesh leadership identify clean water as central to their vision of a good life for their people. In response to the needs articulated by leadership, our 2022/23 goal is to raise \$150,000 towards a water truck in Kingfisher Lake. We are \$35,000 away from that goal!

Kingfisher Lake has a population of 500 people on reserve, most of whom access water through tanks attached to their homes and a water delivery system from the treatment plant. Roads are rough, wear and tear on the vehicles is significant, repair parts are hard to come by, and the population is growing. A new water truck will significantly increase the reliability of clean, running water in this community. PWRDF has been able to use funds raised for this work to encourage support from government and non government agencies in addressing and providing funds for long-term water needs in northern communities. **Each drop in the bucket can have a significant ripple effect!**

To donate **online**, visit www.pwrdf.org/water-project and click on the button at the top of the page. You can also **call PWRDF** toll-free at 1-866-308-7973 or send your cheque marked **Mishamikoweesh Water Project** to The Primate's World Relief and Development Fund, 80 Hayden Street, 3rd floor, Toronto, Ontario, M4Y 3G2.

If you prefer to **give through your church**, designate your offering to the PWRDF Mishamikoweesh Water Project. Your church will issue your tax receipt (or include your gift in your annual giving total) and forward your donation to PWRDF. PWRDF Charitable Registration No. **BN 8664 34640 RR0001**
